

“The Developers’ Forum”
A Joint Effort of
MLTPA and the Mammoth Lakes Chamber of Commerce

Mammoth Lakes Trails and Public Access (MLTPA) and the Mammoth Lakes Chamber of Commerce (MLCC) are pleased to announce “The Developer’s Forum”, a joint effort of these two organizations to create a source of information and a means of communication between builders, developers, and the Mammoth Lakes community relevant to trails and public access issues. During the third week of April, The Developer’s Forum will be pleased to welcome Randy Martin, real estate developer and trails specialist, for a series of presentations in Mammoth Lakes on the economic significance of trails and public access to real estate development. Randy has a twenty-five year background in development and construction and is a partner with Martin and Associates where he provides broker services; he also conducts market research and analysis for development projects throughout the western United States. Randy spoke at the 2007 National Trailbuilders Association Conference on “Integrating Trails in Private Communities”. It is the hope and expectation of The Developers’ Forum that Randy Martin’s visit will be the first step in a continuing process to fully engage builders, developers and the community in the planning and implementation of a comprehensive system of trails and public access worthy of our town and its setting. For further information, please contact the Mammoth Lakes Chamber of Commerce at 760 934 6717 or <http://www.mammothlakeschamber.org/> or MLTPA at 760 934 3154, www.mltpa.org, or kimstravers@mltpa.org.

Randy Martin will speak at the following events:

Mammoth Lakes Chamber Luncheon – April 24 at Noon
Mammoth Lakes Rotary Luncheon – April 26 at Noon
Mammoth Ski Museum – April 26 at 6:00 PM

We look forward to seeing you there!
